UME500

The image shows a large, complex grid of colored squares (yellow, blue, green, red, grey) representing a 3D model or a data matrix. The grid is composed of many small squares, each containing a small number or code. The overall shape is irregular, with some areas being more densely packed than others. The grid is labeled with numbers 1 through 12 along the top and bottom edges, and letters A through Z along the left and right edges.
